GAINS CLAIMED BY PARIS IN THE BATTLE AT VERDUN; FRENCH FAIL, SAYS BERLIN

Successes Over the Germans Reported at Haucourt and Caurettes Wood.

BIG RAIDS IN THE AIR.

Berlin Asserts That a British Biplane was Put Out of Action.

PARIS, April 24.-French troops made progress last night on the Verdun front northwest of Caurettes Wood, the War Office announced this afternoon.

Following is the text of the War Office report:

"To the north of the Alsne a German reconnoitring party endeavoring to penetrate our lines on the Plateau of Palssy was repulsed with losses.

"To the west of the River Meuse last night we dispersed several reconnectring parties of the enemy. To the southwest of Haucourt and to the northwest of the Caurettes Wood we made progress with hand grenades in the communicating trenches of the enemy and took about thirty prisoners, including one officer. "The enemy has delivered a

fairly spirited bombardment in the region of Dead Man's Hill. "East of the River Meuse and in the Woevre district the night passed with relative quiet.

"At Eparges the explosion of a German mine caused us no damage. In the Forest of Apremont our artillery has shown activity. and it has been efficacious in combating the trench guns of our adversaries

"In the Vosges we have captured a small German position in the vicinity of Bonhomme.

"In Belgium during the day of April 23 and the night of April 23-24 French aerial squadrons bombarded on two different occasions the railroad station at Wyfwege, to the east of the For-est of Houthulst. On the first occasion thirty and on the second eighteen shells of large calibre were thrown down by our avi-ators, and many of the missiles reached their objective. All our aeroplanes returned unscathed."

"A strong attack in the neigh-borhood of Thinum of Form broke down completely to front of our lines.
"A British biplace was put out

of action after an aerial engage-ment east of Arris. Its occu-pants, consisting of officers, were captured."
